

HOW CAN ARCHITECTURE HELP TO HUMANIZE THE URBAN SPACE?

BENEDIKT STRAŇÁK, MELINA TOUMPANIARI

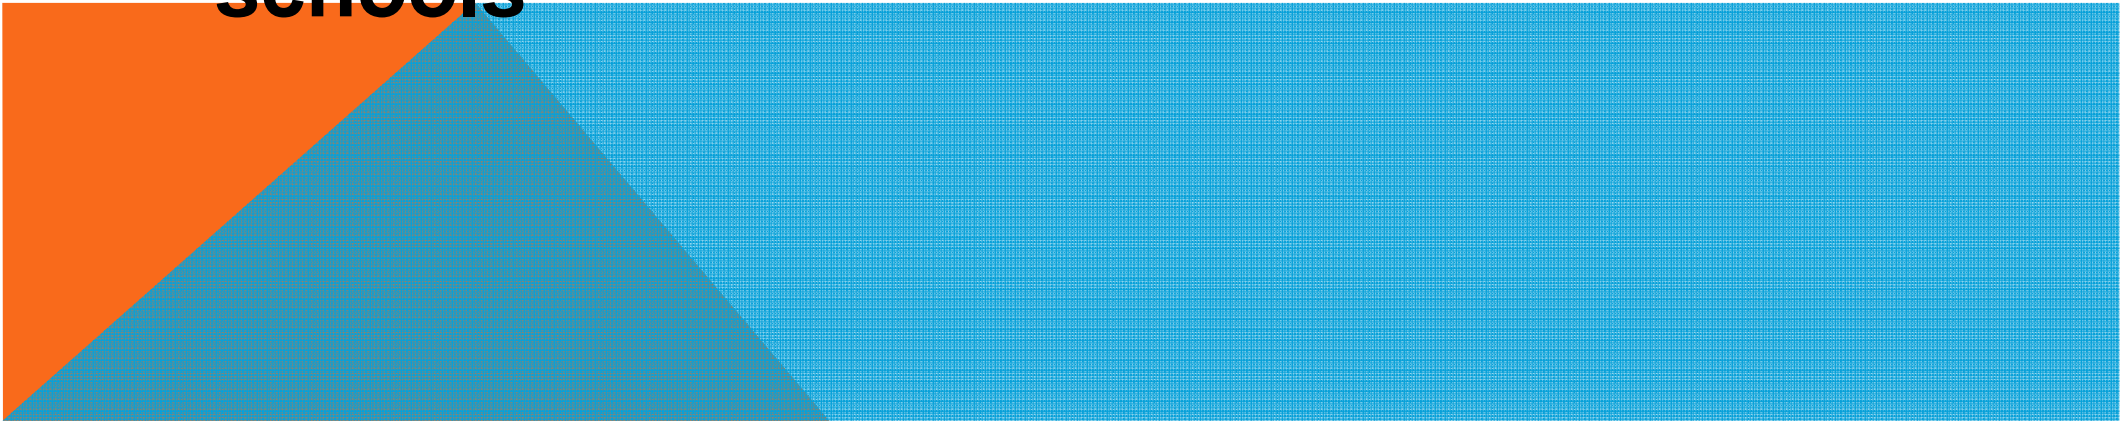

INCLUSIVE CITY

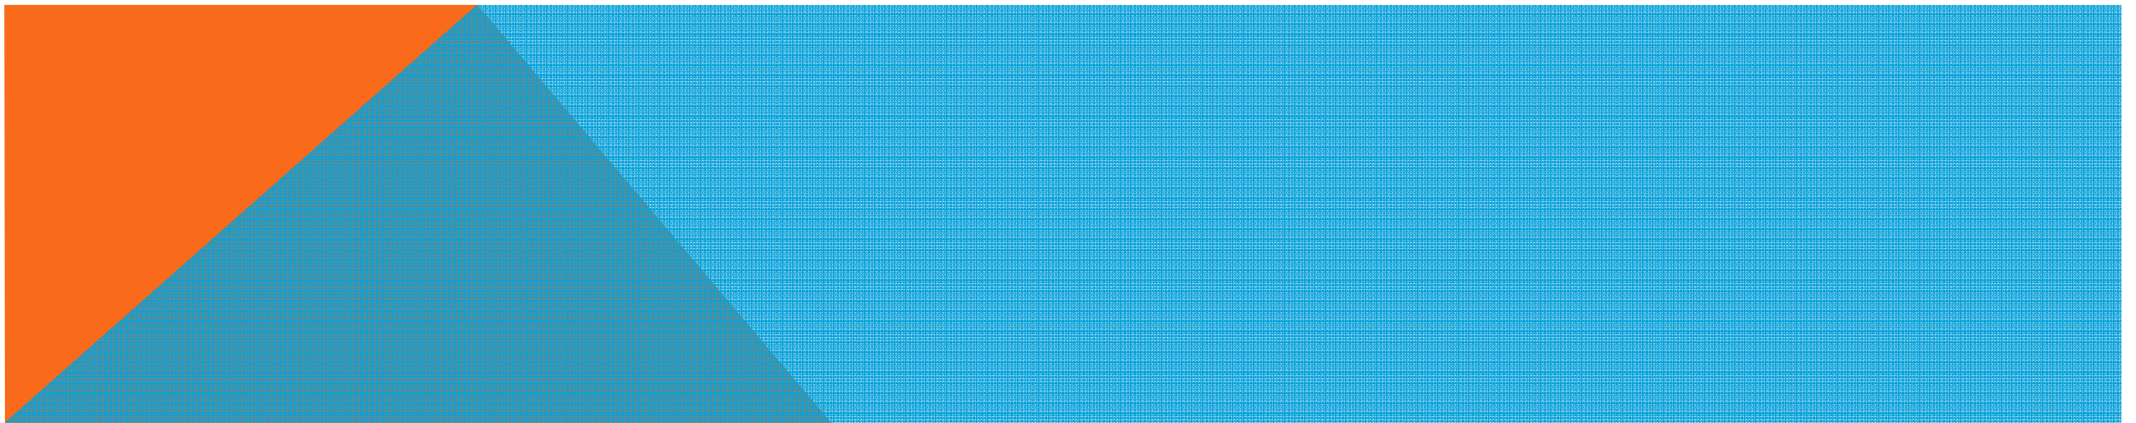

**Prague –
inclusive society**

**Spread of
different social
groups all over
the city**

**Library, public
transport, public
schools**

***Is it communist
heritage?***

EXCLUSIVE CITY

**Through smart
design in new
buildings –
Grotta,
Kajetanka,
Holesovice**

**Importance of
exclusive space
lays in its
seclusion based
on personal
interest**
